Saxene[®] Polypropylen Compounds

PCW GmbH is your specialist for innovative and application-oriented plastic compounds with worldwide delivery options. Saxene[®] eco compounds, with their tailor-made properties, meet these new product standards, taking into account IATF 16949 and many other automotive standards.

With Saxene[®] safely into the future of the automotive industry.

The topics of sustainability and resource conservation are very important to us. Legislation is increasingly calling for measures to promote the use of recyclates in sophisticated plastics solutions.

Ecological lightweight construction concepts for electromobility.

Our near-to-prime properties for sophisticated components and a reduced Co2 footprint contribute to a positive eco-balance and promote the circular economy; furthermore, our low-emission PP compounds are, among other things, heat-ageing stable, odourless and process-safe.

Properties

- heat ageing stable
- low-emission
- odourless
- flame retardant
- process-safe

Certifications

- IATF 16949 Quality management
 - ISO 50001 Energy management
 - ISO 14001 Environmental management
- and other numerous automotive standards

Examples of applications

- Ventilation grilles
- Cover parts
- Spoilers
- Guide parts
- Bracket for attachment parts
- Wheel arch shells
- Suction lines
- Water tank covers
- Underbody protection
- Battery systems

REDUCED
CO₂
FOOTPRINT

Saxene[®] eco

Tailormade solutions with the fillers:

- Glass fibre
- Talc
- Chalk
- Barium sulphate
- Carbon black
- Minerals etc.
